Did you find anything out?
Our Superfund Division just learned today that we used 37K of their money for Dimock. No response yet, but it is Friday.

Brenda,

I'll check into this.

Subject: Dimock and ESAT funding

Cindy:

Now that we have a breather on the Dimock work I wanted to find out if there is any source of money to reimburse our ESAT contract for the hours they spent. The total cost to date adds up to \$37,780.74. We paid for it using our Region's emergency response funds. Do you know if there is a way to get money from a different source? Did you guys use ESAT and if so what funds did you use to cover it?

I didn't really think about it earlier, but now that we are trying to figure out the budget and not cut more people from ESAT, it became a question in my mind.
